MORE DEVELOPMENT IN THE SOUTHWEST-AN-A MINISTER-IRISH RELIEF-TOBACCO, &C. Correspondence of the Richmond Dispatch.1

I allude to the operations of

PANY. I have taken the trouble to gather the following facts in regard to this important enterprise, which must prove of interest to e readers of the Dispatch in all parts of sugar between 13 and 16, the lowest grade the State. The work is progressing very of merchantable sugar; 3.25 on sugar be-satisfactorily. The length of the road will tween 16 and 20, and 3.50 on sugar above sixty-two miles, and the termini New-River bridge, on the Atlantic, Mississippi and Obio road, and Hinton, of the Chesapeake and Obio road. The main object is development of the vast deposits of Bessemer ores on the line of the projected road, said to be equal in purity and richness to those of Lake Superior. The company are mostly northern capitalists. The principal officers are Thomas Graham, vice-president (both of I-asc Davenport, Thomas W. McCance, W. Phildelphia); Captain Crump, superinten- H. Palmer, and John Enders Robinson; trict Attorney Lewis are here. deat. General G. C. Wharton is one of the and they were referred to the Committee on directors. The road will pass through the Claims, of which Senator Cockrell, of Miscounties of Giles, in Virginia, and Monroe, souri, is chairman, and Senator Hereford, in West Virginia. The work is being push ed forward with energy from both ends of the line. Some six miles of road-bed have named, after the war, rented at a stipulated been graded in Giles county, beginning at price storehouses to the military authorities the mouth of Big Walker creek, running to for the use of the United States army, and the Courthouse. Another force, one mile are entitled to compensation. beyond the town, is working towards West Virginia. There are now seventy-five convicts working, and thirty-five more will be added as soon as the quarters for them are completed. A large number of hired labor- (Mr. Huntington's road) how it could get the following remarks upon it: ers are employed on the West Virginia end. along if the McLane bill giving Congress A subscription of \$30,000 by the county of control over it passed, and he replied: Giles will be available as soon as a given number of miles are completed. A gentleman familiar with the country informs me the bill can become a law, and thus evade that it abounds in ores of un-urpassed rich- its rigorous provisions." "How?" said I. ness. The building of this road will afford "Why last summer," he replied, "he built markets of the world-viz, the Virginia two and a half miles a day, and by increasand Tennessee and the Chesapeake and ing his force and working night and day he Ohio railroads, which must insure cheap can now construct five miles a day. The freights. This is one of the many new en- iron is all ready along the route, and as erprises which promise better and brighter the distance between Tucson, Arizona, the company, it is said, is to push the road to which the road is now comforward to Pittsburgh, Pa., where there pleted, and El Paso, Texas, is only great demand for the character of three hundred miles, you see that it can be they are developing. The especial finished in sixty days." "The McLane bill nterest which Lynchburg has in this road that it will place her in direct connection soure to her cheap coal, the thing most coded. But as one of the general schemes ton does this quick work under the law of State development-and apart from any March 3, 1875, he will, of course, defeat, as the
